WEEKLY ACTIVITIES & STATUS REPORT FOR THE DD/ICS--19 March 1986 (cont.)

- Recognizing the study is nearly a year old and that STAP has raised some valid points, Paul is concerned that by reopening this issue a host of other issues (e.g., arms control, tenor of the study, the ability of the the Community to support targeting) that were not identified by the ADCI will quickly become the focus of the panel's discussion.

Narcotics Intelligence - [REDACTED]

- On 20 March, the NIO/Narcotics will chair a narcotics intelligence coordination and strategy meeting. He plans to limit the attendance at these meetings to principal and/or senior representatives of the intelligence and law enforcement communities.
- These monthly meetings will be held in lieu of the "warning and forecast" meetings, which were previously attended by 30-40 people.

NFIP Support for Contingency Operations - [REDACTED]

- [REDACTED] the Assistant Deputy Director for Research, has been named to chair the study effort on NFIP Support for Contingency Operations Working Group. Although he is an excellent choice, we hope Dennis will be able to devote sufficient time to the CIPC effort. We only raise this point because, as the head of DIA's basic research effort, few DIA senior officials are as busy or involved in more diverse activity than [REDACTED]
